2. When is the last time you had someone come over for a meal and fellowship?
3. When you come to the communion table, do you come distracted?
4. When you eat at home where do you eat from? Do you watch tv, are you on your phones?
5. How does it make you feel that the God of the universe wants a relationship with you?

**DIGGING DEEPER**

1. Read Luke 5:27-32 What sticks out to you?
2. To come to Christ's table you must humble yourself. What does this mean to you?

3. Have you ever had the Pharisees perspective when viewing people? (Some people deserve grace. Some people don't.)
4. Tyler Staton writes "To share a table was the greatest affirmation of their character and truest and deepest form of intimacy." What is your view on sharing a table with others?

### **TAKING IT HOME**

1. Are there relationships you could spend more time investing in? Are there people you could be inviting to your church? Are there people you could have over to share a meal? Would you think about these things during this series? Would you commit to doing these things?
